Skills

Designing and prototyping play technologies

Software development (C#, Java, JavaScript, Python, C++)

Expertise in learning through play

Machine Learning

Experienced developer and designer of play technologies with strong technical background and experience of bridging technical and non-technical domains. Interested in creating innovative learning experiences that cultivate children's curiosity, creativity and sense of empowerment.

Work History

2023-02 -
Current

Senior Staff Engineer

LEGO Group, Creative Play Lab, Billund

- Bridging Play Discovery and Play Engineering
- Developing advanced tech prototypes to support play exploration
- Informing tech development with lessons from play

2020-06 -
2023-01

Postdoctoral Associate

MIT Media Lab, Cambridge, Massachusetts

- Created software for helping children learn literacy, creativity and artificial intelligence via open-ended play
- Utilized social robotics
- Supervised and mentored students

2014-09 -
2020-05

Research Assistant

MIT Media Lab, Cambridge, Massachusetts

- Innovated digital technologies for playful, child-driven, self-expressive learning
- Refined them via iterative play-testing
- Created prototypes for reliable operation in the field
- Utilized machine learning, computer vision and speech recognition
- Conducted research with children
- Translated research findings into design features

2009-12 -
2012-04

Software Developer

Ledas Ltd. / Bricsys Technologies Russia, Novosibirsk, Russia

- Developed production CAD software in C++
- Created and implemented novel algorithms

Education

2014-09 - 2020-05	Ph.D.: Media Arts And Sciences <i>MIT Media Lab - Cambridge, MA</i>
2012-08 - 2014-05	Master of Science: Computer Science <i>Georgia Institute of Technology - Atlanta, GA</i>
2009-09 - 2011-05	Master of Science: Computer Science <i>Novosibirsk State University - Novosibirsk, Russia</i>
2005-09 - 2009-05	Bachelor of Science: Computer Science <i>Novosibirsk State University - Novosibirsk, Russia</i>

Selected Awards

*Fulbright Visiting Graduate Student Scholarship
(2012-2014)*
